Dear Partners in Health Care,

On March 1, 2017, we committed to Cultural Safety and Humility in the Regulation of Health Professionals serving First Nations and Aboriginal People in BC.

We would like to thank you for your support and leadership in taking this historical step in our journey towards making the health system more culturally safe for First Nations and Aboriginal People. We are looking forward to taking this journey together in partnership and would like to provide you with your printed copy of this declaration as a reminder of this historical day. It will also serve as a visual reminder of the commitment we have made to address and enhance the treatment of our clients and to eliminate barriers to accessing health care.

We look forward to commencing this journey in partnership and working together for better health outcomes for First Nations and Aboriginal People.

In Wellness,

A handwritten signature in black ink, appearing to read "j Gallagher".
